### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anton Skaugset on 20 August 2010.

The application has been amended as follows:

Claim 1, replace the last line with: removing the oxygen ion implanted layer by etching.

Claim 2, replace the last line with: removing the oxygen ion implanted layer by etching.

### ***Allowable Subject Matter***

Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest, in combination with the other claimed limitations, forming an oxide film of a predetermined thickness on the exposed surface of the oxygen ion implanted layer by oxidation treatment of the wafer; removing the oxide film; and removing the oxygen ion implanted layer by etching.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
